

### Activity 4.1 MP – Win-win?

To make our communities better now and for the future we need to work together. We need to encourage everyone to have a sense of responsibility about their community.

We need to balance our use of the motor vehicle with other transport modes.

1. Think of some more disadvantages of using the motor car and complete the table below.

To the individual	To the community
Too much time in the car	Loss of community spirit
Increasing frustration with traffic	No liveable streets for walking and playing

2. What solutions and actions could your family use to reduce car usage?
